

INCLUSIVE PLAYGROUND SPONSORSHIP/CONTRIBUTION APPLICATION

The City of Kaufman is taking on a major fundraising initiative to construct an INCLUSIVE regional playground at City Lakes Park. This project will provide a state-of-the-art playground equipped to accommodate toddlers to 12-year-old children of all abilities. It will be ADA compliant and be inclusive of physical, emotional and mentally challenged kids ... a playground where all kids can play together!

This project is in conjunction with the City's Texas Parks and Wildlife grant award for \$750,000 improvement and expansion project for City Lakes park. New hike/bike trails, disc golf course, and significant landscaping is planned for City Lakes park.

Let's put Kaufman on the map for all the right reasons! All of our kids deserve a place to grow and play together.
